CHRONOFIGHTER SUPERLIGHT Automatic Chronograph Carbon Composite Case Start/Stop Trigger in Carbon Carbon Bezel, Dial and Buckle

December 2017

Dear Reader.

Welcome to the last issue of duPont REGISTRY™ for 2017. It's been another great year with great customers, readers and a team here at duPont REGISTRY™ that is second to none.

During the excitement of this Holiday Season, it is important not to forget those who are less fortunate than us. Here at duPont REGISTRY™ Headquarters, we conduct an annual Toys for Tots Christmas gift campaign throughout the year with the final "gathering" at our November Cars & Coffee. After that we combine the generosity of our fellow enthusiasts with a yearlong effort to raise funds to provide gifts to children who otherwise might have a pretty empty Christmas. Thanks to all who participated and helped put a smile on a future auto-enthusiast's

While we are on the subject of graciousness, philanthropic and charitable participation, I would like to report on the leadership of the Barrett-Jackson Auction team. Back in October, in

Las Vegas, they auctioned off Steve Davis' (President, Barrett-Jackson) personal Shelby Mustang Super Snake for the benefit of the families of Las Vegas first responders—100% of the proceeds went to the fund, intended to help those families whose loved ones have been injured providing safety and security for Las Vegas. The winning bid was \$1,000,000, a clearly generous gift, given the horrific event in Las Vegas this past fall. Barrett-Jackson Auctions provided the opportunity to raise this gift and lift the spirits of that beleaquered town. It was a moment in time that I will not forget, nor will the thousands of people in the auction arena, watching on TV and hearing about the event. Carolyn and Craig Jackson, Steve Davis, and the entire Barrett-Jackson Las Vegas team, thank you for your spectacular leadership and generosity. #LasVegasStrong.

To the rest of the world, may the blessings of this season bring warmth and smiles to your families, your friends and your communities. Please join us in reaching out to those less fortunate than us at this special time and always when there is a need.

Happy Motoring and Merry Christmas!

Publisher/Chairman

P.S. For those of you looking for unique and fabulous gifts for your friends and family, please turn to pages 34-41 to take a look at our 2017 Gift Guide. Our team has painstakingly assembled some fantastic ideas for the person who has "everything", but still needs something. Be sure to take note of the handmade headphones by Pryma (for the music fan), the Tutima Classic Chronograph watch (for the punctual person on your list) and the custom made shuffleboard tables by Venture Games (for the final touch on the sports/game room). Who knows—maybe you will even find a "little something" for yourself. Happy Shopping!

P.P.S. Want to get somewhere in a hurry? The Cover Car is the unbelievably powerful Porsche 911 GT2 RS—capable of 0-60 in 2.7 seconds. It combines power, precision, agility, speed and endurance...all for slightly less than \$300,000. Wow! See the *unCovered* article on pages 96-97.

AUTO-INSPIRED MECHANICS AND MATERIALS

While the worlds of cars and wristwatches have continually shared the road over the past century or so since they appeared on the scene in the early 1900's, never before has there been such a crossover when it comes to high-tech materials and designs. Each of the brands featured herein have either automotive affiliations with races, rallies or teams, or use high-tech materials in their timepieces that are

inspired by the auto-sports world. From fluid to indicate time, to ultra-light titanium and carbon fiber details, racing colors, and even super-fast split-second timing, these brands demonstrate their mechanical prowess in full glory.

H2 BLUE

From the Hydromechanical Horologists, HYT, this H2 Blue watch uses a blue liquid to indicate the hour, via a thin capillary that circumnavigates the dial. The blue retrograde fluid hours are displayed with the push of a button that, in turn, forces the bellows in the movement to activate the liquid. This H2 Blue watch also features a minutes indication with a jumping hand at 30 minutes. The 48.4mm anthracite DLC titanium case features a black-rubber-sheathed crown at 2:00 with thermal indicator. The movement features titanium main plate and bridges with PVD blue finishing and offers 192 hours of power reserve. Just 15 pieces will be Approx. \$140,000.

H1 GHOST

This 48.8mm titanium black DLC cased H1 Ghost watch is water resistant to 100 meters. The retrograde fluid indication for the hours is in black fluid, while the minutes are displayed on a resin minute dial (at 12:00) and the seconds are counted via a dome at 9:00. The power reserve indication, 65 hours, is displayed between 2:00 and 3:00. An exclusive mechanical hand-wound movement powers it. Just 50 pieces will be made. Approx. \$62,000.

For more information: 954-997-0076 | hytwatches.com

DEFY EL PRIMERO 21

Precision and performance is what drives this top-notch Swiss watch brand. For the new Defy El Primero 21, Zenith has developed an all-new high-frequency 1/100th of a second chronograph movement, El Primero 9004. It is a certified chronometer and offers a hundredth of a second display via a central hand and a unique dynamic signature of one rotation per second. The watch features two escapements, one that powers the watch at 36,000 vibrations per hour and one that powers the chronograph at 36,000 VpH. Approx. \$11,600.

PILOT

PILOT TYPE 20 EXTRA SPECIAL CHRONOGRAPH

从加克克布莱里

By turning to bronze for the new Pilot Extra Special Chronograph watch, Zenith perpetuates the Heritage collection. The new aviator's watch offers a distinctive design thanks to a sandblasted black dial with luminescent numerals and khaki green nubuck leather strap. The high-beat El Primero 4069 automatic movement powers it. Approx. \$7,100.

For more information: 866-260-0460 | zenith-watches.com

AVANTI 3

Deftly blending high-tech materials such as carbon fiber with exotic Macassar wood veneer, this Avanti 3 automatic watch winder winds three watches at a time. It also has three storage drawers and can be factory upgraded to a six-watch winder. Each winder has its own power switch and individual stations can be turned off when not in use. Approx. \$2,995.

AVANTI 12

Just like you want to show off your car collection, showing off a watch collection can be awesome. This Orbita Avanti 12 automatic winder is an impressive freestanding, lockable piece with pedestal base. The Italian-made cabinet is created using exotic Macassar veneers with carbon fiber accents for durability, beauty and performance. The units are available with Orbita's patented Rotorwind® system, or its programmable system. Approx. \$12,995.

CHRONOS LUXURY WATCH SAFE

Brown Safe and Orbita Watchwinders combine expertise to create the world's finest high-security safe for fine timepieces. Each Chronos is a bespoke safe, custom-crafted from military-grade ballistic armor and finished in the finest materials. A biometric fingerprint-reading lock, titanium locking bolts and other advanced burglary counter measures ensure watch collections are securely protected; while hand-stitched leather interiors, stainless accents, LED lighting and Orbita watch winders create the perfect environment to display watches and keep them running in top form. The Chronos is a watch safe of unmatched security and unparalleled refinement. Price available upon request.

BrownSafe.com

HYT SKULL AXL ROSE WATCH

From the Hydro Mechanical Horologists, the new Skull Jungle watch was designed by legendary Guns N' Roses singer, Axl Rose. Rose was a lover and wearer of HYT watches and so the brand teamed up with him for this exclusive series of just 25 Skull Jungle watches. For this watch, Rose selected the Skull base HYT watch, which, under his direction, was given a Damascus steel treatment. The 51 mm DLC titanium case with micro blasted finishes offers a stealth rock vibe. The time is displayed via black retrograde fluid thanks to the mechanical manual wind movement with bellow that activate the fluid indication of time. The caseback of this watch features the Guns N' Roses logo. Approx. \$100,000.

A LUXURIOUS New Home

- For Your Cars and Collectibles

"An added advantage of buying a unit at Collection Suites is the community you'll be surrounded by in doing so."

It's the age-old question: what is of value to the person who has everything?

The answer may be simpler than anyone ever anticipated – a place to put it all. Or rather, a really nice place to put it all. And enjoy it too.

That's the simple premise behind Collection Suites, a one-of-a-kind luxury development project nearing completion in the city of Doral, a burgeoning subdivision of Miami, Fla., just west of the Miami International Airport. The brainchild of a passionate and innovative car collector, Collection Suites summarizes its mission concisely: to provide a luxurious environment of comfort and confidence created by collectors for collectors.

Collection Suites is a private enclave comprised of 38 luxuriously appointed units, ranging between 2,000 and 2,600 square feet each. The units are located in a private, secure community behind concrete walls and remote access gates.

Created with car collectors in mind, the suites are in fact ideally suited for collectors from all backgrounds – from wine enthusiasts, art procurers, and much more.

And that's because it solves a problem that so many of them share.

"This idea was borne out of a need that I was facing," says Juan Manuel Fayen, CEO of Collection Suites. "As my collection grew, it became clear that finding a safe haven where my cars would not only be safe, but where I could also easily access and enjoy them was going to be a challenge. In my career, I've had the pleasure of knowing many collectors who, while varied in their passions, face similar predicaments when it comes to storing and displaying their prized possessions."

In fact, there are increasingly awe-inspiring collections that never see daylight, and more times than not, that means storing them in rented, dusty storage units. Plus, there's no ownership of the storage space, and worst of all, there's no way to truly revel in the collection itself.

Collection Suites solves that issue in spades. It creates an ownership opportunity for investors, and in doing so goes beyond a temporary storage solution and creates a space – an oasis – for likeminded collectors. Here, you can store your valuable items, get away to enjoy them, and relax while doing it.

Collection Suites recently broke ground, and the project's developers have worked tirelessly to imbue stately elements into every aspect of the design. The team has hand-selected every detail option from wood finishes, in-unit bathroom designs, security elements and more. Each item was selected to maximize comfort and security, a core promise that is central to Collection Suites.

"Every detail incorporated into

Collection Suites has a singular purpose: providing an ultra-safe, ultra-luxurious environment for collectors to savor their prized possessions," adds Fayen. "My team and I began with ensuring that the belongings are kept safe with the latest security technology, but then we took it a step further. In bringing to life my vision of the ideal sanctuary for my collections, we've created a place where our clients can truly enjoy and admire their hardwon assets."

Each unit is fully automated and can be monitored from anywhere at all times. They are also each equipped with a wine cellar, four high-end Bluetooth wireless speakers, a top-of-the-line refrigerator, and a spiral staircase rising to a mezzanine to give each guest overhead views of his collection. Among other detail is that each unit will feature high-grade, reflective Italian tiles.

"The best car museums have high-grade reflective tile like this, because the tile so beautifully reflects what is on top of it," says Fayen. "We wanted each buyer to have the same luxuries they'd see in an

automotive museum, except in this case, they own it."

An added advantage of buying a unit at Collection Suites is the community you'll be surrounded by in doing so. By nature of this type of project, Fayen says, they're already drawing in a community of collectors and likeminded individuals.

These individuals have the same passions, the same loves. Vehicles, art, wine – whatever is special to them, they are all enjoying it here in an exclusive community, in private company. 99

In fact, Fayen sees Collection Suites taking on a second identity by virtue

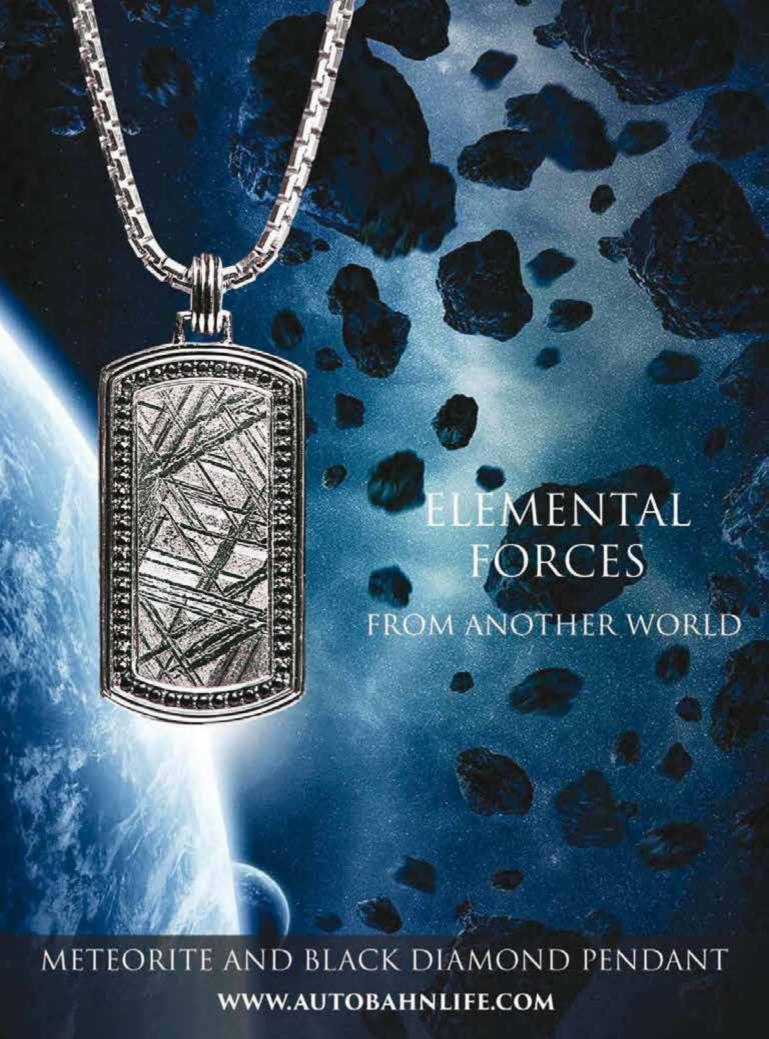

of its clientele – networking, philanthropy, and new friendships. But that's just icing on the cake, he explains.

Many Collection Suites buyers find themselves at their doorstep at a point in their lives when the futures of their families and children have been secured. With those goals achieved, their sights often shift to the enjoyment of the fruits of their labor.

"After the kids are away at school and your family is cared for, why wouldn't you invest in a beautiful, luxurious home for your other 'loved ones'?" Fayen asks.

CUSTOMIZABLE SHOOTING RANGES FROM SHOOTING RANGE INDUSTRIES

onolulu is a beautiful, but landlocked city. With space at a premium, an outdoor gun range is almost unthinkable. That's why the AirForce's 154th wing, which comprises the Hawaii Air National Guard, needed a compact solution for small arms training.

Thinking outside the box, our friends at Shooting Range Industries took their popular and portable self-contained individual shooting ranges and combined them into the Modular Containerized Small Arms Training Sets (MCSATS), as Ho'okele News reported Aug. 14.

The MCSATS are prefabricated, freestanding buildings with central heat and air, along with the most advanced sound insulation available. Each of the 12 lanes within features programmable lighting, and can simulate daylight or nighttime scenarios. Since the facility is on-site, it allows for training day or night, without the hassle of scheduling transportation, and probably saving the taxpayers a few dollars.

The MCSATS are completely customizable, from the number of lanes to interior amenities. Other satisfied customers include the Air National Guard of Nevada and New York, and consequently, more orders have been placed. If you have thought about owning or opening a range, Shooting Range Industries has the solution. Learn more at their website, www.ShootingRangeIndustries.com.

Contact Michael Halverson or Jake Cook www.shootingrangeindustries.com 702-362-3623

Shooting Range Industries LLC offers the READY RANGE®, a complete, 100% ballistic enclosed modular shooting range including all range equipment, electrical, lighting, and HVAC. Each module has two complete shooting lanes. These units are shipped to your location and set into place. Once power is connected, you are ready to shoot.

FEATURES

- Modular, can be moved and relocated
- Expandable in width and length
- Includes bullet traps, shooting stalls, and target retrieval system
- All electrical including outside disconnect, electrical panel, receptacles and lighting. (dimmable and programmable lighting scenarios available)
- Complete air filtration system including air supply, heating, cooling exhaust fans, HEPA filters, pressure monitoring gauges, and temperature controls. OSHA compliance for indoor range air quality.
- Rifle or pistol rated.
- Complete weather proof with all roofing, insulation and outside finishes.
- Can be placed outside, or inside a building or garage

OPTIONS

- Safe entry door
- Doubles as a panic room and a hurricane shelter.
- Surveillance cameras and alarm connections.
- Simulation systems (live fire video games, targeting, and training scenarios)
- Built in gun cases and displays
- Additional gun rooms
- Master control rooms
- Weapons cleaning rooms

Systems starting at \$132,000.

BREATHING NEW LIFE INTO A LEGEND.

At Gateway Bronco, we scour barns across the country looking for original paint, first-generation Ford Broncos. We then work to fully restore and modernize them with a Coyote 302, 4-wheel disc brakes, leather interior, air conditioning, and even heated seats. We produce trucks the way Henry Ford envisioned - on a production line with quality checks each step of the way. Our paint and body work is show quality with laser-straight panels, and we have specific expertise in door alignment. Gateway Bronco products are backed by an industry-leading, bumper-to-bumper warranty for up to five years.

MODULINE: LIKE NOTHING ELSE

ince their inception, Moduline has manufactured the best metal garage cabinets, shop cabinets and enclosed trailer aluminum cabinets available on the market. Proudly made in the USA out of the best materials, their precise workmanship is reflected in the aluminum cabinets and accompanying accessories that are built to last a lifetime. Being the best means that they not only offer the best products out there, but that they also provide you with the customer support you need to make the right decisions about your cabinet system.

RENNTECH AMG GT R THE ORANGE BEAST

MG, set new standards in the daily-driver luxury-supercar class with their second fully in-house developed vehicle. Based on the AMG GT, the R Version has been re-developed to feel at home on the world's most demanding race tracks. Mercedes-AMG equipped the AMG GT R with bigger turbochargers, now producing 577 HP and 516 LB-FT. Also included is a first-ever 9-mode Traction Control System that allows the driver to adjust the traction control on the fly, depending on driving conditions. For more aggressive cornering AMG added active rear-axle steering, which allows for either high-speed corner stability or a smaller turning radius, depending on the driving speed. To accommodate the added performance upgrades, Mercedes-AMG refined the exterior and aerodynamics of the vehicle. The track width is increased thanks to 57mm wider fenders, aggressive active aerodynamics integrated in the front- and rear-bumper and the panamericana grille, inspired by the AMG GT3 race-car. The AMG Performance Exhaust gives an extra aggressive roar through the central exhaust outlet when racing through the Green Hell. RENNtech, determined to redefine these improvements, worked their usual magic and the AMG GT R evolved into to the 'Orange-Beast'.

duPont REGISTRY AUTOFLUENCE

29TH ANNUAL DIABETES FOUNDATION RAFFLE

n Tuesday, December 26th, one lucky recipient will win a brand new, immaculate 2018 Porsche 911 in the Diabetes Foundation raffle that will be held at noon at Jack Daniels Porsche, 355 Route 17 South in Upper Saddle River, NJ. Only 3,000 tickets will be sold at the price of \$100 apiece and all proceeds from this yearly raffle will go directly towards the DFI's unique program which helps children and adults with Type 1, Type 2, or Gestational Diabetes get the help they need to manage the challenges of their disease. (Winner need not be present at time of drawing). The Porsche 911, as sleek as it is, packs a crowded stable full of horse power; 370 to be exact! This beautiful vehicle will take you from 0-60 in 4.4 seconds with the backing of its impeccable rear wheel drive. If you ever find yourself short on time, the Carrera has a track speed that tops out at 183 miles per hour. Lateness will never be a problem, unless of course people surround your car and become mesmerized by all its majesty.

BMW PERFORMANCE DRIVING SCHOOL PRESENTS A NEW KIND OF SLIDE SHOW

elcome to the BMW Performance Centerwhere the words "slide show" take on a whole new meaning. When you need a unique destination for your company outing, plan your next corporate meeting at the BMW Performance Center in Thermal, California or Greer, South Carolina. When your associates have delivered consistently and their performance deserves reward, or you need a team bonding event with bragging rights, everyone loves the excitement of driving a BMW at high speeds on our track. Previous event participant Sonic Automotive says "If you want to have a team building experience whose memory will live on, there is no better way to do it than at the BMW Performance Driving School. Even years later, our team of managers still talk about the day spent there." That's all because corporate events held at the BMW Performance Center are flexible and suited to your exact needs. The time spent on the track is all about pushing the vehicles to the limit-and finding yours. With a variety of driving exercises to choose from, boredom is non-existent. Participants may compete with each other for the fastest time on the Autocross in BMW M3s or they might participate in an old fashioned drag race in X6Ms. To book an event, call 1-888-345-4269.

The pro that outweighs any and all cons.

Forget for a moment the reasons you've always stopped short of getting a pure, unapologetic sports car. And spend that moment test-driving one. The debate will be instantly settled. Quicker than zero to 60. Porsche. There is no substitute.

The 718 Boxster. Only A Sports Car Takes You There.

Sensation. Madness. Milestone.

It's the rare things that put us under their spell. Because we may see them no more than once in our lifetime. Because they remove us from normality. Because they show us that the impossible is not a fact, but merely an opinion.

911 Turbo S. Perfection meets performance.

The New "Ring" Leader

The new Porsche 911 GT2 RS combines power, precision, agility, speed and endurance with maximum performance.

Story by Andrew Nabors | Photos by Dr. Ing. h.c. F. Porsche AG

ooking back on 2017, this was a year for the record books. In terms of automotive records, Porsche went to the Nürburgring and achieved the fastest lap ever with their 911 GT2 RS. And this car isn't just another pretty face; it's a 700 horsepower statement to the world.

Every automaker uses the "Ring" as a standard for performance. In 2013, the 918 Spyder lapped the course in 6:57. Then last year, Lamborghini shocked the world with a 6:52 lap in the Huracan Performante. This year, to win back the record for Germany, the GT2 RS delivered a time of 6:47. Comparing the differences between this and other 911 models, it is easy to see that Porsche invested a lot of money and countless hours in developing such a potent machine. There are only 1,000 examples planned for production, each one with a base

price of just under \$300,000 – a real bargain if you want to reach 60 MPH in only 2.7 seconds.

A 7-speed PDK transmission sends 553 lb-ft of torque to the rear wheels. It will launch you to 211 mph before you can finish reading this paragraph. Even with this kind of power, fear not as the roll cage and Porsche Ceramic Composite Brakes offer plenty of safety. The optional Weissach Package is an additional \$31,000, and it cuts 40 lbs by substituting a host of featherweight parts. Air conditioning and the audio system are also optional in order to offer a curb weight of 3,241 lbs. Titanium exhaust and a magnesium roof won't be found on less expensive

models. Of course the hood is carbon fiber, and the same strong composite makes up the doors, mirrors, shift paddles and even the anti-roll bars.

If you aren't on Santa's naughty list, you deserve a stocking stuffer from Stuttgart. Happy Holidays from all of us at duPont REGISTRY™.

Engine	Twin-Turbo 3.8-liter flat-six
Power	700 horsepower
0 to 60 mph	Approx. 2.7 seconds
Top Speed	211 mph
Price	\$293,200 (est.)

Car collectors gather here.

WE ARE TIRE LETTERING

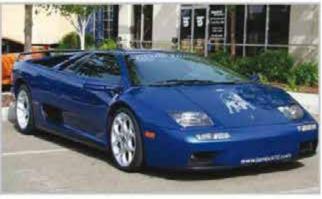

TIRE STICKERS® is the exclusive global provider of short and long term solutions engineered for simple, steadfast application to tire sidewalls. Our variety of products can be applied to any type of vehicle tire. Choose among dozens of licensed tire brands or create your own custom logos and text that will truly make a statement. Our products have been tested in collaboration with tire companies and motorsports teams to withstand the most demanding environments and conditions. Now that tire customization is possible, what do you want your tires to say about you?

1965 BACKDRAFT RACING ROADSTER. Hand-built 60's styled roadster using the finest materials available. Full leather trim with standard 7 gauge layout, stainless steel side pipes, premium paint work, full independent suspension with power disc brakes,18 inch knock-off rims and your choice of engine install kit. Starting at \$39,900 for a "Rolling Chassis" (Complete minus engine and transmission). For more information call (561) 752-3693 or visit www.backdraftracing.com.

2001 LAMBORGHINI DIABLO VT 6.0. With gated 6-speed manual! Finished in Blue Chiaro over Crème leather, this stunning Lamborghini has only 25,000 miles. Originally owned and maintained by Al Burtoni, this car has enjoyed the pampered life. The VT 6.0 was only produced for two years, making this the last of the best with 550 hp and 457 lb/ft of torque. Alcantara seats and full carbon fiber trim throughout. Offered at \$275,000. Please call or E-mail for more details: sales@rrsllc.org, (408) 981-7836.

Only 3,600 Miles, Front and Rear Message Seats, Front and Rear Ventilated Seats, RR Monogram in Headrests, Comfort Entry System, Night Vision, Picnic Tables, Lambswool Footmats, Panorama Sunroof, Lane Departure Warning, Heads-Up Display, 20" Alloy Wheels, Camera System, Rear Entertainment Package, and much more. For more information contact Tony at (407) 885-9001.

Indulge in the Possibilities

This 2015 Jaguar F-TYPE R Coupe continues to awe drivers and passengers alike. You cannot miss its glistening black exterior, distinguished rims, nor the sound of its intense V8 engine. Sporty luxury has never looked so good. #P30792 \$68,900

This 2015 Maserati GranTurismo MC Coupe is the perfect blend of sporty and practical. Featuring 444 horsepower and 376 lb-ft of torque, the MC drives with the smoothness and power of a Formula 1 vehicle. Plus, enhanced with new front and rear bumpers with aerodynamic enhancements, this Maserati has improved downforce. It doesn't end there! Step inside, and take in the carbon-fiber interior trim. #P30564 \$128,000

This fiery 1975 Maserati Bora 4.9 is one of only 275 4.9L Boras created in a 5-year period. It was originally sold in 1976, and then purchased by a Newport Beach, CA collector in 1988. A hot collector's item, this exotic has only 19,650 miles, and comes with the original spare tire & three sets of keys. #P30712 **\$196,000**

This 2017 all-wheel drive Maserati Levante S is a vehicle in tune with its driver. Featuring the Maserati Skyhook system, the Levante adjusts according to the road and conditions, providing a comfortable ride for all aboard. With the state-ofthe-art entertainment system on the inside, music, navigation, and connectivity are just a tap away. #P30870 **\$79,900**

This 1992 Lamborghini Diablo embodies the heart and soul of Italian design. Recently updated, this pearl of a find now features a powerful 5.7-Liter V12 engine, producing 485 hp and 428 ft-lb of torque. The interior has been reworked to include adjustable seats and steering wheel, electric windows, and an Alpine stereo system. #P30535 \$228,000

This 2015 Cadillac Escalade takes SUV luxury to the next level. Complete with 420 horsepower, it has phenomenal highway passing abilities. At the same time, the Cadillac has the capability to stop as needed. Thanks to GM's Magnetic Ride Control suspension, the Escalade offers a smooth ride for drivers and passengers alike. You do not want to miss this opportunity to experience the Escalade for yourself. #P30850 \$52,900

2007 Lamborghini Gallardo Spyder AWD features a Nero Serapis (black) exterior paired perfectly with a black and yellow leather interior. Powered by a 5.0-liter, 520 hp fuel-injected dual overhead-cam 40-valve V10 engine complete with a 6-speed E-Gear manual transmission, the Lamborghini Gallardo travels from 0 MPH to 62 MPH in just 4.3 seconds. Finally, with a flawless CARFAX Report and less than 3,300 miles, this vehicle is truly the image of perfection. #P30770 \$132,000

This 1960 Rolls-Royce Silver Cloud II has an interesting backstory. The Silver Cloud II originated in October 1959. Interestingly enough, it was the first Rolls-Royce to surpass Bentley's production numbers. This exotic comes with well-kept journals by the first owner, outlining all repairs and services during the years 1960 - 1988. It even comes with small & large tools and the original factory warranty document. #P30782 **\$187,000**

This 1962 Chevrolet Corvette convertible is from the final year of the Corvette C1 production. Having been housed in a climate-controlled garage since its initial purchase five years ago, this Corvette is in pristine condition. It features numerous renovations including a brand-new dashboard, clutch, gauge controls, and a Fire Engine Red interior to complement its dashboard. Mechanically sound, this Corvette has a 340 hp V8 engine and 4-speed manual transmission. Whether you store it or drive it for pleasure, this exotic is ready to go! #P30537 **\$68,000**

ENTER TO WIN THIS RARE SHELBY GT350R OR \$75,000!

Help support the nonprofit Shelby American Collection museum

Brighten up your holidays with a chance to win this beautiful 2017 Shelby GT350R Mustang.

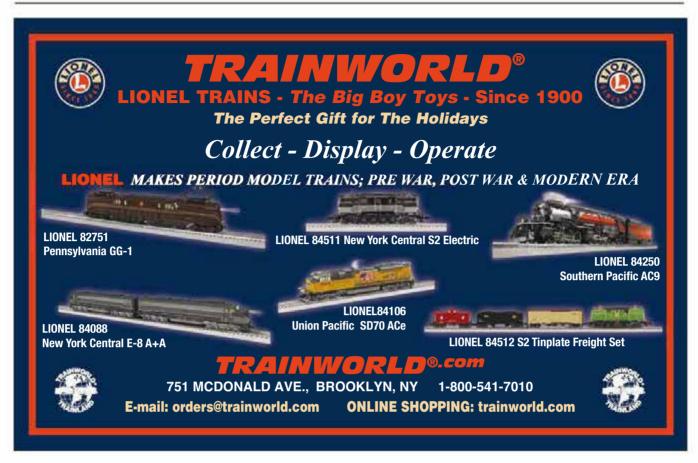

This pony is ready to race, hard to catch and nearly impossible to find at your local dealer. But, you could win this spectacular Lightning Blue GT350R when you enter the Shelby American Collection's new drawing contest. We will be giving away this high performance Shelby to one lucky winner. Along with all the standard high performance features Ford has built-in to the R-Model, our special "Ford pony car on steroids" includes the desirable R-Electronics Package!

Your entry is a donation to support the nonprofit Shelby American Collection museum in Boulder, CO. The museum is dedicated to preserving the rich heritage of Carroll Shelby, the Cobra, Shelby Mustang and Ford GT40s that changed the face of auto racing in the 1960s. Drop by the museum and check out the Shelby GT350R!

Learn more about this car and get your tickets at: www.ShelbyMustangContest.org

Don't miss out - be the first to enter to win this spectacular Shelby GT350R!

MAKE TRACKS WITH OUR FAMILY OF SNOW TRACK VEHICLES

Interested in making your own tracks?

Join us at the 2018 Migration for further

Snobear exploration and fun:

www.snobearownersgroup.com/dupont

2418

SnoBear is the original ice fishing dream machine! SnoBear has a unique track system like no other vehicle on the market that hydraulically allows it to lower and raise 12 inches. Virtually drop a line anywhere on the hard water, easily reel up and move to a new spot in minutes with built-in fishing hole access. The track system creates an equal distribution of weight for superior traction and adjusting to contours of the terrain for added mobility and safety. With its foam insulated cabin design and independent heating system, imagine ice fishing comfortably in 70 degrees while its -40 degrees outside!

SnoCoach is the perfect vehicle for commercial, industrial, and tourism transportation providing fast, efficient, and warm travel in remote areas. SnoCoach seats up to 15 people while providing optimal viewing and operates in unique terrain and extreme climates. SnoCoach can be customized for Search & Rescue, Ambulance, Medical Transportation, Oil & Gas, and much more!

Maneuvering over snow and ice has never been so easy.

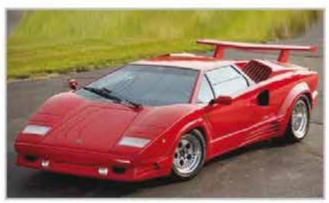

SnoCub is an enclosed ski trailer that makes transporting people and cargo safe and comfortable. With a 99-inch tongue SnoCub can be pulled by our SnoCoach or any other vehicle capable of pulling 2200 pounds over snow or ice. The interior has multiple heated options and can be customized to fit your personnel, individual, or company transportation needs. The cabin body was built with a buoyant design and provides an optional heated interior that makes cold weather transportation a dream.

VANTAGE MOTORWORKS, INC. Celebrating 43 Years!

If the acquisition of an uncompromised source of pleasure, or the refurbishment of your present motorcar is on your agenda, we'd appreciate the opportunity to serve you. Throughout more than four decades as one of the leading completely self-contained restoration and sales facilities in this area of the industry, our view has been that the responsibility due these rolling works of art is at least equal to that owed our long list of satisfied clients and friends. A sampling of our inventory appears below. Each will be thoroughly prepared in our workshops so that only your enjoyment, rather than further attention will be required upon delivery. Their pricing is regularly reviewed and adjusted where appropriate, so that they may provide, in light of superior condition, excellent value as well. Your inquiries, trade proposals, and visits to our premises, if only to share enthusiasms, are all most welcome.
